| Lesson 1 Cooperation Matters        | Students learn the importance of being cooperative. They analyze quotes, watch a video and participate in brainstorming activities related to cooperation. | How can being a cooperative person help resolve conflicts with peers? | Students will be able to …
|                                     |                                                                                   |                                                                                     | • Develop, identify and learn behaviors associated with being cooperative.  |
| Lesson 2 We’re All In This Together!| Students explore what it means to be cooperative at home, school and in the community. This lesson allows students to participate in a discussion related to cooperation. | What does cooperation mean to me?                                                   | • Develop an understanding about the concept of cooperation.  |
| Lesson 3 There Is No ‘I’ In Team    | Students participate in an interactive lesson where they view a video, read a story and have conversations about cooperation and teamwork. | What is the importance of teamwork?                                                 | • Identify ways that cooperation can be demonstrated. |

| Digital Citizenship Lesson | Students learn that they have a digital footprint and that this information can be searched, copied and passed on, but that they can take some control based on what they post online. | What is a digital footprint, and what does yours convey? | Students will be able to …  
* Learn that they have a digital footprint and that information from it can be searched, copied and passed on, and seen by a large, invisible audience, and that it can be persistent.  
* Recognize that people’s online information can be helpful or harmful to their reputation and image.  
* Consider their own digital footprints and what they want those footprints to be like in the future. |
| Trillion Dollar Footprint |                                                                                     |                                                                                     |                                                                                 |
